the "Kuchyna" Military Airfield during the construction I
am able to locate the field exactly /see Enclosure A, circled number one, for
detailed description see Enclosure B, with legend/ but know no other details.

DISTRIBUTION

Legend, Enclosure B: Military Airfield "Kuchyna"

1. Main entrance to the airfield: iron gates
- 2., 3. Quarters for the men: three-story brick buildings with tile roofs, 60 by 10 meters each
4. Quarters for men, and headquarters of the airfield: three-story brick building with tile roof, 60 by 30 meters
5. A. Guard-house: brick building, 10 by 8 meters
B. Warehouse: one-story brick building with flat roof, 10 by 8 meters. I do not know what is stored in this building
6. Mechanical workshop: one-story brick building with flat roof, 5 by 10 meters
7. Garage: one-story brick building with tile roof, 20 by 10 meters
8. Wire fence, anchored in concrete: 2 meters high
9. Two brick hangars with arched roof of sheet metal: 100 by 60 meters. These hangars were erected in 1945 and 1946
10. Truck garage: one-story brick building with corrugated sheet metal roof: 30 by 10 meters
11. Water works [water tower?]: about 20 meters high, and about 6 meters in diameter
12. Wooden sentry boxes
13. Red lights which shine at night: these lights are located inside dug out concrete-lined holes in the ground
14. Red and white wooden poles marking the perimeter of the airfield
15. Underground fuel tanks holding about 20,000 liters of fuel. The fuel is stored in two iron, cistern-type, receptacles. Pipelines from the railroad branch line lead to these storage tanks. (I worked on the construction of these tanks.)
16. Underground storage tank for 10,000 liters of oil
17. Two two-story brick buildings with tile roofs, 100 by 15 meters each. These buildings house stores of various materials, military equipment and uniforms
18. Railroad branch line leading to warehouses
19. Single-track railroad branch line
20. No fence on this side of the airfield
21. Station in Kuchyna
22. Concrete railroad bridge
23. Concrete highway bridge
24. Brook
25. Rolled path leading to the warehouse
